Store Your Excess Office Furniture While Employees Work From Home

If your business is temporarily downsizing its office location while most of your employees work from home, make the right decision with your current assets.

MAC RELOCATIONS WILL:

- Provide an accurate inventory for your furniture assets
- Break down and pick up your furniture
- Store your furniture for as long as needed in our 250,000 sq ft warehouse facility, conveniently located on the west side of Chicago
- Create a space plan for your new office space using your existing furniture
- Deliver & install your furniture when you are ready
